All,

We are writing again to try and set up some time to discuss Palm's community weekend. We need to do this immediately. Many many people are stuck on pause. Please let us know when this is possible.

Thank you.

Hi Lee,

After careful consideration, given everything that's gone on, we feel it would be best to plan for an event in Palms in 2026.

We plan on supporting the Boosters' Association directly this year because we believe in their mission and want to ensure we're being good partners. My understanding is that Pacific Division will be planning an event this summer to support the Boosters' just outside of their station. We will support that while working together with the Division to plan something in Palms next year.

Best,
George
